

Work Session
August 23, 2017
High School Rm C115A

Attendance: Dr. Wilcox, Dr. Sanders, Mr. Thrasher, Mr. Kerr, Mrs. Merry, Mr. Wright, Mr. Durnil, Christine from Ferguson Law, Mr. Link, Ms. Lee, Mrs. Myers, Mr. Caldwell.
Consultants: Dr. Halik

At 6:00 P.M. Mr. Durnil called the meeting to order and lead the audience in the pledge of allegiance.

Mr. Durnil started by saying this was a work session to discuss options, but no final decisions would be made tonight. He turned the meeting over to Dr. Halik.

George Link has made a packet for each of you with three different options. This in no way means you have to go with one of them, it's just a guideline to start with. (Three options are attached).

Damian Maggos gave a New Project Analysis Update. (Analysis update will be attached)

The board wanted Damian to explain how they can do all this without raising taxes. He explained by using page 4. The board really wants to keep from having to raise taxes.

The board at this time is leaning toward option one with maybe some revisions.

There will be another work session to make a decision on what option they will be taking to the public. It will be August 30th at 6:30 in C115A at the High School.
